

Manage Enterprise Value Realization

Financial Impact

Powered by **ECOLAB3D™**

Manage Enterprise Value Realization

Identify value projects that deliver real savings potential. Evaluate the priority of value projects.

Measure the outcome of value realization. Financial Impact helps you manage value project pipeline and focus on the most impactful projects.

Real-World Value

Financial Impact provides enterprise-wide visibility and enables effective collaboration to optimize real savings potential in:

Water

Conserve water

Energy

Save energy through improved efficiency

Waste

Keep waste out of landfills

Productivity

Improve the productivity of operations

Costs

Reduce the total cost of operations

How Financial Impact Works

Financial Impact is an industry-leading solution designed to help you see, manage and prioritize your projects.

ENTERPRISE OVERVIEW Gain real-time visibility of value project performance, e.g. realized savings vs target, across your enterprise

ORGANIZATIONAL ALIGNMENT Analyze value project performance customized to your organizational structure, e.g. region, country

CATEGORY SAVINGS Aggregate total annual savings by category, such as Water, Energy, and Cost

PROJECT PIPELINE Visualize value projects in each project stage, and customize and sort the pipeline to identify impactful projects

PROJECT OVERVIEW Provide the clarity of project details, such as project stage, benefits, savings, location, and owner

Partnering with Global Leaders in Technology

In order to deliver secure, intelligent and scalable solutions, Financial Impact is built in partnership with:

Real-Time Value Intelligence

The Financial Impact digital service is designed to aggregate and evaluate critical data on your value projects to:

PROVIDE ENTERPRISE-WIDE VISIBILITY into the performance of your value projects and the impact of your project pipeline across your enterprise

INCREASE ORGANIZATIONAL ACCOUNTABILITY by providing insights into realized savings goal vs actual at your enterprise and regional level

ENABLE EFFECTIVE COLLABORATION by connecting Ecolab and your team so we can jointly prioritize the most impactful projects

OPTIMIZE WATER, ENERGY, AND COST SAVINGS POTENTIAL by cross-seeding the most impactful projects to increase project savings potential, realizing more savings potential in real time

Financial Impact powered by ECOLAB3D™ brings 360 degrees of visibility into value projects

It helps enable effective decision making to optimize your value projects, realizing more savings potential in less time.
